

**Specialist solutions for
successful programmes**

At Coachwise, we're here to help you roll out your sports programme. We know what we do inside and out, and we know sport too. So relax, your job is about to get a whole lot easier.

We can help you with:

- **learning delivery** – workforce planning, CPD training and qualifications
- **publishing** – design, editorial and print
- **fulfilment** – customer services, warehousing and distribution
- **marketing** – campaign planning and e-shopping.

Using up-to-date technologies, we provide solutions that strike the right balance between your developmental and commercial goals.

Uniquely, we offer our services from under one roof, providing sport with a cost-effective one-stop shop. And we're not a flash in the pan. We've been delivering and refining our services since 1989.

What's more, as the trading arm of sports coach UK – the central agency for coaching – we gift aid any profits we make back to sports coach UK for investment in coaching.
